

A photograph of a two-story, dilapidated building with a wooden balcony and a staircase, showing significant structural damage and decay. The building has a yellowish-brown facade with peeling plaster and exposed brickwork. The roof is made of dark, weathered wood. A wooden balcony with a railing runs across the second floor. A wooden staircase leads up to the balcony from the ground level. The building is surrounded by greenery, including bushes and trees. The overall state of the building suggests it is in need of major restoration or repair.
